

# How Indian Citizens are using DigiLocker in daily lives

**DigiLocker**

Your documents anytime, anywhere

**AXIT**  
(Student)  
Ahmedabad, Gujarat

I have experienced this wonderful facility provided by Govt. of India. Once my vehicle got towed and I was not carrying the reqd. documents with me. I showed my digital RC & DL to the towing officer and after verifying on DigiLocker, he agreed to release my vehicle on the spot. I appreciated the officer and Govt. of India to have taken us on this road to Digital India.

**SHAKTHI M K GOWDA**  
(Student)  
Karnataka

I found DigiLocker very handy & useful. I hardly carry my document hard copies now with me. I use DigiLocker at places like theatre, post office, courier etc.

**Sanchita Bajaj**  
(IT Professional)  
New Delhi, Delhi

Using DigiLocker has been a breeze, I now use DigiLocker authentic documents during traffic stops, entering airports. It makes for a wonderful Digital Experience.

**ALOK RANJAN SAMAL**  
(Finance & Accounts Manager)  
Chennai

DigiLocker is a great initiative by the Govt of India. Now a days, I don't carry physical copies of my Aadhaar and DL. Wherever required, I show the same from DigiLocker and it gets accepted. No need to worry whether my physical DL or RC is present or not, whether my mobile is present and internet connection is present - I can now forget about hard copies.

**BANDARU SRINIVAS**

(Program Executive at All India Radio)  
Nagpur

I had enrolled for DigiLocker as soon as it was launched. This is a great initiative by Govt of India. I have used my digital Aadhaar from DigiLocker at airport for identity purpose. Many times If I am not carrying some documents like DL, Aadhaar with me, I just download it from my DigiLocker a/c and hand it over. I have also uploaded scanned copies of my important documents on DigiLocker and use them whenever required.

**SAI SREEHARI ASURI**  
(Software Engineer)  
Chennai

Post my registration in DigiLocker, I verified my Aadhaar in it. Then I tried to get my RC and found the data was old and not updated. So I followed up with the dealer and got it updated within a week. I am thankful to DigiLocker, otherwise it would not have been possible to trace this out so easily.

**ABDUL RAZACK K P**

(Self employed)

Kannur District, Kerala

It is a great effort has been initiated from the Govt. Of India. DigiLocker helped this way, once I went to bank to update my Aadhaar with my bank A/C . I forgot to carry my Aadhaar hard copy. Suddenly I realize I have DigiLocker Aadhaar verified A/C. I showed the softcopy of my Aadhaar on mobile to the bank representative and easily he convinced and agreed to update my A/C with my Aadhaar No. It was a great experience I felt, now a day's I never carry my hard copies as I have my digital copy in my mobile along mobility with security.

**Swati Goyal**  
(IT Professional)  
Mathura, Uttar Pradesh

DigiLocker has provided a lot of convenience. I can now travel in trains without carrying any identification documents.

It is a great initiative to provide access to educational, transport & other documents to the public.

# THANK YOU
