An awareness workshop on Entity Locker held at IIIT-Delhi for start-ups and incubators

The National e-Governance Division (NeGD), Ministry of Electronics and Information Technology (MeitY) conducted an awareness workshop on Entity Locker at the Indraprastha Institute of Information Technology, Delhi on May 5, 2025.

The workshop featured a detailed presentation on Entity Locker- a digital document wallet for entities, organisations, and MSMEs and also included an interactive discussion on the various use cases of the unique platform, including specific benefits available for start-ups.

Professor Pushpendra Singh, Head of the Centre for Human-Centred Computing (CHCC), IIIT-D attended the workshop as several fellows from the esteemed institute marked their participation. Start-ups supported by MeitY Startup Hub also joined in the workshop to learn more about the project and ask questions regarding the on-boarding process from the experts.

Many participants raised pertinent questions and offered valuable suggestions to further enrich the initiative. These inputs were duly noted by the NeGD team and practical solutions for the same will be explored going forward.

About Entity Locker

Entity Locker is a pioneering addition to the DigiLocker ecosystem. Committed to revolutionizing governance, DigiLocker has proven to be an essential platform for individuals, and now **Entity Locker** aims to extend these benefits to corporate entities, MSMEs, and other organisations. It enables company directors and proprietors to authenticate their businesses through robust data verification.
