Ask Our Experts's Special Edition Celebrates 10 Years of Digital India

- *Ask Our Experts- a live program presented by NeGD, MeitY focuses on Digital India initiatives*
- *The show is broadcast on Fridays at 1 PM on Digital India's YouTube channel*

The National e-Governance Division (NeGD), Ministry of Electronics and Information Technology (MeitY), presented a special edition of its flagship YouTube LIVE program "Ask Our Experts" on July 11, 2025, marking the 10th anniversary of the Digital India initiative. Unlike previous episodes featuring government officials and project experts, this unique edition centered on real beneficiaries who shared their personal experiences with various Digital India schemes.

This special episode provided citizens across the country a platform to hear first-hand how Digital India initiatives have transformed lives and enhanced access to government services through digital means. The beneficiaries highlighted the tangible impact of programs in sectors such as digital payments, identity verification, e-governance services, and internet connectivity.

The interactive session featured stories of empowerment, ease of living, ease of doing business and financial inclusion made possible through Digital India interventions, illustrating how the government's vision has translated into meaningful changes on the ground for millions of Indians. The program emphasized the importance of people-centric digital transformation powered by innovative technology and strong government support.

Citizens who participated in the live Q&A were recognized as 'Digital India Question Ninjas' and rewarded for their engagement and insightful queries.

The full episode can be re-watched on the Digital India YouTube channel:
