Job Description: Senior Developer / Team Lead - MY Bharat

Position	Senior Developer / Team Lead
No. of Positions	1
Reporting To	Technical Architect / Product Lead (MY Bharat)

Overview:

The Senior Developer / Team Lead will play a key role in architecting, designing, and developing the next-generation MY Bharat Platform spanning both web and mobile ecosystems. The role includes rebuilding the platform using modular, microservices-ready architecture, supporting high concurrency, and integrating with multiple Government systems. Candidates must have strong full-stack experience with ReactJS, React Native, Laravel PHP, DevOps, and AWS cloud services.

Key Responsibilities:

1. Develop and maintain scalable web and mobile applications using ReactJS and React Native.
2. Build backend services and RESTful APIs using Laravel PHP.
3. Participate in requirements gathering, design, development, testing, deployment, and support.
4. Collaborate with UX, BA, QA, DevOps, and Solution Architecture teams.
5. Integrate cloud components including AWS S3, RDS, DynamoDB, Redshift, OpenSearch.
6. Implement authentication/authorization using Keycloak, JWT, OAuth 2.0.
7. Use AES-256 encryption and follow CERT-In security guidelines.
8. Manage API Gateway design and messaging systems like RabbitMQ.
9. Implement CI/CD pipelines using Git, Docker, Jenkins, CodePipeline.
10. Monitor performance, optimize for concurrency, and lead load testing efforts.
11. Guide junior developers and lead agile sprint execution.

Required Qualifications:

1. Bachelor's or Master's degree in Computer Science / IT / Engineering.
2. 8+ years of hands-on full-stack development experience.
3. Strong experience in ReactJS, React Native, Laravel PHP.
4. Experience with REST APIs, cloud services, and modern frontend/backend stacks.
5. Experience with AWS: S3, RDS, EC2, DynamoDB, Redshift, CloudFront.

Preferred Skills:

1. Experience with distributed systems, caching, and high concurrency systems.

2. Knowledge of message brokers (RabbitMQ), load balancers, CI/CD pipelines.
3. Strong debugging and performance tuning skills.
4. Working knowledge of security standards, OWASP, CERT-In compliance.
5. Experience mentoring developers and leading agile teams.
6. Excellent communication and documentation skills.
7. Strong leadership and mentoring capability.
8. Ability to work with Government stakeholders.
9. Adaptability to fast-paced deadlines and evolving requirements.
10. Ownership mindset for mission-critical Government platforms.

General Conditions applicable to all applicants covered under this advertisement:

1. Those candidates, who are already in regular or contractual employment under Central / State Government, Public Sector Undertakings or Autonomous Bodies, are expected to apply through proper channel or attach a 'No Objection Certificate' from the employer concerned with the application OR produce No Objection Certificate at the time of interview.
2. Digital India Corporation reserves the right to fill all or some or none of the positions advertised without assigning any reason as it deems fit.
3. The positions are purely temporary in nature for the project of Digital India Corporation and the appointees shall not derive any right or claim for permanent appointment at Digital India Corporation or on any vacancies existing or that shall be advertised for recruitment by Digital India Corporation in future.
4. Digital India Corporation reserves the right to terminate the appointments of all positions with a notice of one month or without any notice by paying one month's salary in lieu of the notice period.
5. The maximum age shall be as on the last date of receipt of the applications. Screening of applications will be based on qualifications, age academic record and relevant experience. The designation against the position shall be mapped as per the approved policy.
6. In case of a query, the following officer may be contacted:
