Digital India Awareness Workshop organised at Bharati Vidyapeeth Institute of Computer Applications & Management, Delhi

Students explore Digital India initiatives via engaging sessions

New Delhi: The National e-Governance Division (NeGD), MeitY, organised a Digital India Awareness Workshop at Bharati Vidyapeeth Institute of Computer Applications and Management (BVICAM), New Delhi, on January 21, 2026.

The event kicked off with an inaugural address by Prof. M.N. Huda, Director, BVICAM in the presence of Dr. S.N. Bhandarkar and Prof. Renu Tandon from G.G.S.I.P.U. and Dr. Rakhee Sharma. The dignitaries along with the students and faculty participated in multiple sessions that highlighted core pillars of the Digital India programme viz. DigiLocker, Cybersecurity & Digital Personal Data Protection Act, 2023, OpenForge, UMANG, myScheme, and Academic Bank of Credits (NAD-APAAR) and Visvesvaraya PhD Scheme.

These sessions enabled direct engagement of the students with Digital India experts on queries related to e-governance delivery, insights into innovation pathways and careers in digital fields. A Digital India Quiz further sparked interactive participation from the students, with 20 top-performing students receiving prizes. The Digital India Awareness Workshops represent a cornerstone of NeGD's pan-India outreach to equip youth with practical knowledge of digital platforms.
