Ministry of Electronics & IT

IndiaAI, MeitY & Government of Uttar Pradesh Set to Host Regional AI Impact Conference in Lucknow

Enabling responsible, inclusive AI adoption across Indian states

Showcasing Uttar Pradesh's AI leadership as an official precursor to IndiaAI Impact Summit 2026

IndiaAI Working Group Meeting to advance implementation pathways for AI for economic growth and social good

Posted On: 11 JAN 2026 7:11PM by PIB Delhi

IndiaAI and the Ministry of Electronics and Information Technology (MeitY), in collaboration with the Government of Uttar Pradesh, are set to host the *Uttar Pradesh Regional AI Impact Conference 2026* in Lucknow on 12–13 January 2026. Showcasing cutting-edge deployments of artificial intelligence in governance and public service delivery, and to align state-level initiatives with the ambitions of the IndiaAI Mission.

The Uttar Pradesh Regional AI Impact Conference 2026 marks a precursor to the India AI Impact Summit 2026, scheduled to be held in New Delhi, India from February 16–20, 2026, and is part of the national series of eight Regional AI Impact Conferences being organised across the country. The Lucknow Conference will convene senior policymakers, state and central government officials, global institutions, industry leaders, researchers and innovators to deliberate on the responsible, inclusive and scalable adoption of AI, with a particular focus on healthcare systems, digital public infrastructure, economic growth and social good.

Across two days, the Conference will feature plenary sessions examining the global AI landscape, AI-driven healthcare delivery, state-level readiness and capacity building, digital public infrastructure for health, AI-enabled diagnostics and clinical innovation, and workforce empowerment, alongside startup showcases, hackathon outcomes and industry-led demonstrations, aimed at translating policy intent into real-world, population-scale impact.

In the run-up to the Conference, the meeting of the IndiaAI Working Group on "AI for Economic Growth and Social Good" will be held in Lucknow on 12 January 2026 in a hybrid format, jointly convened by MeitY, IndiaAI and the Government of Uttar Pradesh. The Working Group forms a core pillar of the India AI Impact Summit 2026 process and brings together member countries, international organisations, policymakers and domain experts to advance convergence on priority AI issues that require global collaboration.

The Uttar Pradesh Regional AI Impact Conference 2026 will build on the State's growing momentum in digital governance, healthcare innovation and technology-led public service delivery to demonstrate real-world AI deployments across health systems, digital public infrastructure and state-led use cases, while fostering collaboration between governments, industry, academia and startups under the IndiaAI framework. Outcomes from the IndiaAI Working Group Meeting, the Conference deliberations, and associated ecosystem engagements are expected to feed into the national roadmap for the IndiaAI Impact Summit 2026, reinforcing the Government of India's commitment to safe, secure and trustworthy AI for public good.
